PROJECT

Preparation of Journal / sub-division of journal, Ledger, Trial balance and Financial Statements of a partnership form of business on the basis of a case study. • Develop a case study showing how two or more friends decide to come together and start a business with a certain amount of capital. • Prepare their Partnership Deed including interest on capital, partner's salary, commission, interest on drawings, interest on partner's loan and rent paid to a partner. • Write in detail, their transactions during the year: purchases - cash and credit, sales - cash and credit, expenses, purchase of fixed assets and depreciation charged on them, any outstanding expenses, prepaid expenses, accrued income, drawing bills of exchange, accepting bills payable etc. • From this case study developed (which should have at least 15 transactions), pass the journal entries, post them into the ledger, prepare a Trial Balance and the Trading and Profit and Loss Account, Profit and Loss Appropriation Account and Balance Sheet. • The various expenses, for comparison purposes, could be depicted in the form of bar diagrams and pie charts. • Calculate relevant accounting ratios like liquidity, solvency, activity and profitability giving their formulae and computation (all this could be
