

HOME ASSIGNMENT DATED 29.04.20

CLASS - III

❖ Answer key of – 27.04.20

1. You have to collect the pictures of different transport by your own (one chart has already been given on last assignment). Then you have to paste those in a A4 size paper, write your name and keep it with you till the school opens.
2. Write 2-3 lines about the following:-

a) Invention of wheel:-

The early people saw the logs of the tree can roll on the ground. They cut those into pieces and invented wheel. Then they joined them with cart and pulled them with the help of animals.

b) Aircraft:-

Aircraft is the example of air transport. In 1903 the Wright brothers invented this. Today we have more developed aircrafts. This is the fastest mode of transport.

c) Submarine:-

It is also a water transport. It moves under water. It is very essential for the warfare.

d) Bullock Cart:-

Bullock Cart is one of the most important land transports. It can be seen in the interior part of village at the present time.

CHAPTER 5: TIMELINE AND CALENDAR

Time:-

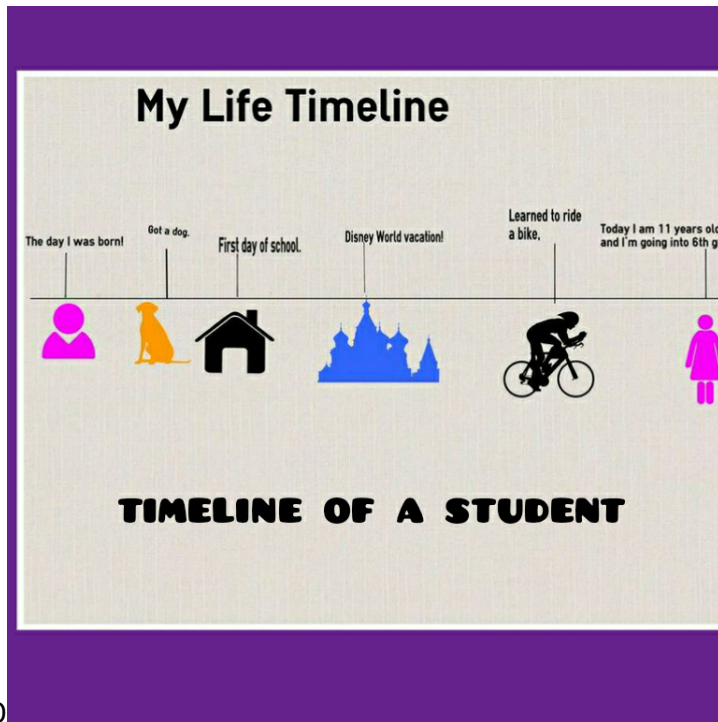

Time is the ongoing sequence of events taking place in past, present and future.

Measurement of time:-

We can measure time using clocks. It can also be defined as minutes, hours, days, weeks, months, years etc.

Measurement of time before the invention of clock:-

Before the invention of clock people took the help of water-clock, sun-shadow-sticks, hour-glass etc to measure time.

0

Timeline:-

Timeline is the list of events in correct order along with the proper time. In a timeline the events are arranged from the earliest to the latest.

Calendar:-

Calendar is a chart containing the days, weeks, and months of a year.

HOME ASSIGNMENT

A. Fill in the blanks :-

1. There are _____ months in a year.
2. A week has _____ days.
3. _____ hours make a day.
4. We can see _____ weeks in a month.
5. A fortnight contains _____ days.

B. Define the following in 2-3 sentences:-

1. Hourglass
 2. Sun-shadow-stick

SOLUTION OF 5th HOME ASSIGNMENT
CLASS- III SUB- MATHEMATICS
CHAPTER- 5 (DIVISION)

DATE- 29/04/2020

DIVISION & WRITE QUOTIENT & REMINDER -

SOLUTION –

1) $342 \div 2$

$$\begin{array}{r} 2 \overline{) 342} \quad (171 \\ \underline{2} \\ 14 \\ \underline{14} \\ 2 \\ \underline{2} \\ \times \\ \hline \end{array}$$

ANS – 171

2) $679 \div 9$

$$\begin{array}{r} 9 \overline{) 679} \quad (75 \\ \underline{63} \\ 49 \\ \underline{45} \\ 4 \\ \hline \end{array}$$

ANS - Quotient - 75

Reminder = 4

3) $605 \div 5$

$$\begin{array}{r} 5 \overline{) 605} \quad (121 \\ \underline{5} \\ 10 \\ \underline{10} \\ 5 \\ \underline{5} \\ \times \\ \hline \end{array}$$

ANS – 121

4) $108 \div 7$

$$\begin{array}{r} 7 \overline{) 108} \quad (15 \\ \underline{7} \\ 38 \\ \underline{35} \\ 3 \\ \hline \end{array}$$

ANS - Quotient - 15

Reminder = 3

EXPLANATION & 6th HOME ASSIGNMENT
CLASS- III SUB- MATHEMATICS
CHAPTER- 5 (DIVISION)

DATE- 29/04/2020

1) There are 76 mangoes in 4 baskets. How many mangoes are in each basket?

In 4 baskets there are = 76 mangoes

In 1 basket there is = (76 ÷ 4) mangoes

$$\begin{array}{r} 4 \) \ 76 \ (\ 19 \\ \underline{4} \\ 36 \\ \underline{36} \\ 0 \\ \underline{0} \\ 0 \end{array}$$

ANS - 19 mangoes are in each basket.

HOME ASSIGNMENT -

- 1) A chicken lays 28 eggs in a week. Chicken lays how many eggs in a day?
- 2) There are 126 balls in six packets. How many balls in each packet?

CLASS-III
SUBJECT : ENGLISH LANGUAGE

29/4/2020

SOLUTION FOR CHAPTER-4 (Nouns: Number)

EXERCISE B: Write the plural form of the following nouns:

1. Bench-**Benches**
2. Brush-**Brushes**
3. Diary-**Diaries**
4. Goose-**Geese**
5. Woman-**Women**

EXERCISE C: Write the singular form of the following nouns:

1. Knives-**Knife**
2. Potatoes-**Potato**
3. Girls-**Girl**
4. Cities-**City**
5. Boxes-**Box**

_____x_____
